## CALDWELL EYES TO NAME PUP

### *Caldwell Donates to Seeing Eye Program*

**Seeing Eye** is an association that works to help train puppies to help blind people become more independent. It helps train puppies to cooperate for its owner. Seeing Eye helps improve many people's lives by giving them specially trained dogs that blind people can rely on. A fourth grade JCS student

named Maggie, wanted to help Seeing Eye. The Pride Club wanted to help that student, which is why JCS is donating. We can all help Seeing Eye by continuing to donate. Our goal is to try and donate \$5,000. If we reach our goal, we get to vote and name a puppy. We are almost 1/2 of the way there!

If you donate, you can bring a stuffed animal into school and keep it on your desk for a day. Your donation can be as little as \$1! Miss Grobarz and Mrs. Zavocki, leading this fundraiser, are very excited and say it will be a very fun reward for us to vote and name a puppy. Go DAWGS (and DOGS)!

### HARRY POTTER MOVIE AND BROADWAY PLAY

**Rylah's Review:** Movie #5, Order Of The Phoenix, is my favorite movie of the Harry Potter series because it introduces my favorite character, Luna Lovegood! I could not believe my sister Bella did not love the movie like I did! I rate this movie a 10/10!

**Lilly's Review:** Harry Potter and the Cursed Child on Broadway is one of my favorites even though it's on Broadway. I like it because it is a story when Harry Potter is older and has his kids. I also like when they go back in time and they get stuck in time, but it is sad when Harry gets to see his parents. I rate it 10/10!!

## Sports Report:

This is exciting! The opening day of the MLB is March 30! The **New York Mets** play the Miami Marlins at 4:10 PM in Miami. The **New York Yankees** play the San Francisco Giants at New York at 1:05 PM. The Mr. Schultz favorite **Toronto Blue Jays** play the St. Louis Cardinals in St. Louis at 4:10 PM. Weston and Jared predict the New York Mets will win the World Series. Surprisingly, Mr. Schultz thinks it is going to be the Toronto Blue Jays...

## Women's History Month:

This month is Women's History Month! This month is special because ages ago, women were not treated as fairly as men and they couldn't even *think* about going to school! But that's enough facts; our featured woman is Bessie Coleman! Bessie Coleman was an early American civil aviator. She was the first African-American woman and first Native American to hold a pilot license. She earned her license from the Fédération Aéronautique Internationale on June 15, 1921, and was the first Black person to earn an international pilot's license

## FEATURED COUNTRY WITH FOOD REVIEW: BRAZIL

### Brazilian Food

By: Arjun and Kayden

This month I will be doing a food recommendation for one of the Brazilian foods I found...

#### Acarie

Acaraje is a savory hush puppy. If you want to make a traditional acarajé its a blend of black eyed peas, salt, pepper, and onions makes the dough. This mixture is molded into a round disc and deep fried in red palm oil.

### About Brazil

By: Jacob  
I will tell you four facts about Brazil. First, Brazil has a population of 214.3 million. Brazil has 5 World Cup wins out of 22 World Cups. 60% of Brazil is rainforests. Did you know there more than 400 airports in Brazil? Brazil does not have an official national animal yet, though many people consider it the jaguar, which is also called the Brazilian panther. I think Brazil is a very beautiful place!
