This publication is available in the board office and public libraries. The same calculations were performed using the 2007-08 revised appropriations and 2008-09 budgeted appropriation presented in this advertised budget. Total Comparative Per Pupil Cost is defined as current expense exclusive of tuition expenditures, transportation, residential costs, and judgments against the school district. For all years, it also includes the restricted entitlement aids. With the exception of Total Equipment Cost, each of the other per pupil cost calculations presented is a component of the total comparative per pupil cost, although all components are not shown.
