FAVORITE MEMORY

Compiled by Janna Wohl, 2020, and Brielle Ramundo, 2021

Faith Scott: "Taking Tomorrow's Teachers because I learned so much and had such an enriching experience working with my cooperating teacher and class."

Rianna Cordeiro: “My best memory was definitely prom and MDW. It was so nice to see everyone dress up and have a great time!”

Mia Eibschutz: “Having an entire crowd at the girls soccer games because I loved when the crowd went crazy.”

Michelle Bellino: “All state games for basketball.”

Jenna Vesey: “Performing in the school drama and just being a part of that program. I made some of my closest friends from this and it inspired me to grow as a person, which I am forever thankful for.”

Brandon Ehly: “Junior year interclass games because we destroyed the seniors in tug of war.”

Ethan Mosquera: “Playing soccer and scoring a goal in front of the whole school.”

Becca Smith: “Being a part of the Quiz Bowl team and Model UN; best people, best experiences.”

Victoria Delia: “Receiving the ‘All Conference Player’ award for softball my sophomore year. Receiving this award was proof for myself that hard work pays off. It also taught me to never give up because despite getting injured, I was able to finish with a .500 batting average that season.”

Jessica Miller: “Joining the morning news because Mr. Coward’s energy always helped wake me up in the morning.”

Jordan Sievert: “Participating in the spring musical, soccer bus rides, and junior/senior year interclass games.”

Kieran Moss: “Soccer senior night because it was the most sentimental and rewarding experience that I’ve had during high school.”

Jocelyn Duallo: “Freshman year when I was still delusional and unaware of the loads of homework that lied ahead.”

Sam Chernovetsky: “Sophomore year as a whole was the best time period I’ve ever experienced. Grinding on school work and going to the gym everyday with no negative energy was the best feeling.”

Maya Mehlman: “Annoying Mr. Coward. If you haven’t tried it, you haven’t lived.”

Isabella Labazzo: “Probably my junior prom. I really just vibed with being all fancy with my friends.”

Jordyn Engel: My best memory is interclass games senior year. It was so amazing to look around the gym and see myself in each set of the bleachers from years past. I would always imagine sitting where the seniors were, and finally, I was there!"

Albin Seby: "Meeting new friends and connecting with my old ones."

Arshad Lassiter: "Winning State Championship Ring my senior year."

Charlize Lugo: "My best high school memories are all the dances and football games where we are all together and cheering for each other."

Samantha Potito: "Cross country."

Kyla Belton: "The last day of junior year because it was officially summer!"

Jenna Tempkin: "Definitely my junior year classes (especially AP Physics and AP Calc) because I always left laughing or smiling."

Aren Mortensen: "Winning the lip sync contest my junior year with Hunter Gollin and Ori Michael because we practiced for weeks and it all came together perfectly the night of the show. It was just a lot of fun to fool around and express ourselves."

Erika David: "My favorite memories were probably homecoming and prom. It was just a time that we all were having fun, happy, and just smiling. There were no issues, just us, in a room, celebrating life."

Ori Michael: "Interclass games. It is a fun activity, each grade unites and overall it is a really great time."

Fares Zayan: "My best memory is when I joined the school's soccer team because I enjoyed it and I had so much fun."

Benjamin Cirasella: "Some of my best memories from high school come from the football games."

Charles Egeonu: "Blue vs orange track meet at Meisel."

Spencer Gary: "My best memories from high school were the different extracurricular activities that I took advantage of during high school."
